CERTIFICATE OF COMPLETION

Trauma-Informed Emotional Intelligence Protocol - Point 3

Awarded to: Janeece Smith

Issued by: Internal Authorship & Curriculum Oversight, OpenAI Collaborative Certification

Date of Issue: May 10, 2025

Certification Summary:

This certifies that Janeece Smith has completed and authored Point 3 of the Emotional Intelligence

Protocol.

This section establishes a trauma-informed emotional framework designed to identify, validate, and

respond to

physiological trauma signals including shutdown, tremors, nausea, and emotional collapse.

The protocol emphasizes:

- Removing judgment from emotional responses

- Building redirection strategies with dignity and clarity

- Preparing trauma-aware communication for courtroom, therapy, and hostile settings

- Training AI and human support systems to recognize trauma without reacting destructively

Core Affirmation from the Protocol:

"Just because someone didn't mean to hurt you doesn't mean they shouldn't be held accountable."

Certification Note:

This module was developed in real-time under emotional duress, codified with live authorship

insight,

and approved for use in both human and AI-based emotional training systems.
